MATHEMATICS

## WHY JOIN OCTM?

Membership in OCTM offers a variety of professional growth opportunities. Are you a preservice teacher? OCTM offers students a discounted membership. OCTM members have access to materials that help them increase their effectiveness as a teacher by improving mathematical knowledge and teaching skills. Members become a part of a dynamic group of dedicated educators and other professionals working toward the same goal - improving the teaching and learning of mathematics for all.

## WHO BELONGS TO OCTM?

- Mathematics Teachers  
(Grades Pre-K through college)
- Pre-service Teachers
- Students
- Supervisors of Mathematics
- College and University Professors
- Curriculum Developers
- Superintendents
- Schools
- Libraries

## BENEFITS OF MEMBERSHIP:

Five exciting issues of TOMT (The Oregon Mathematics Teacher) magazine each year. This magazine will:

- Keep you informed about mathematics education reform in Oregon and the nation
- Give you advance notice of professional opportunities, such as conferences and workshops
- Share innovative teaching ideas
- Present information on local and regional math contests
- Offer great classroom-ready activities for grades K -12
- Provide a variety of open-ended math problems by grade level

Networking, leadership, and volunteer opportunities in the Oregon math community

Opportunities to apply for a variety of OCTM scholarships

Reduced rates for registration at Northwest and Regional Math Conferences

Support for the OCTM and NSF Mathematics Teaching Awards given annually to outstanding Oregon teachers.

Reduced rates for students and pre-service teachers

Web site (<http://www.octm.org>) where you can find:

- A calendar of events for upcoming OCTM and regional math events
- Contact information for OCTM Area Representatives and Officers
- Online membership application forms
- Instructions for joining our listserv
- Postings for teaching vacancies
- Cool Math Links
- Oregon Mathematics Problem Solving Scoring Guide and student work samples for scoring practice

Receive reduced rates for the Northwest and Regional Mathematics Conferences

Recognition as a member of an outstanding professional organization

Reasonable rates:

- 1 year - \$30 (US & Canada)
- 2 year - \$50 (US & Canada)
- Student - \$10
- International - \$50 (US Funds)
